

CAPABILITIES

- AMS configuration
- Hitachi Dynamic Link Manager
- Hitachi Device Manager
- Hitachi Tiered Storage Manager
- Hitachi Network Attached Storage configuration
- Hitachi Dynamic Provisioning
- Hitachi VSP configuration
- Hitachi Tuning Manager

How breakthroughs begin.™

- Scale-out NAS storage installation and implementation

- Exchange Deployment
- Exchange Migration
- Active Directory
- MS Server 2008

- Installation
- Basic Policy Configuration

- Enterprise Networks
- Security
- HP Intelligent Management Center (IMC)

- Simpana 9 Backup and Recovery
- Implementation and Installation

- Red Hat Linux installation and configuration

- Installation
- Capacity Planning
- Virtualization Assessment
- Physical to Virtual Conversion

- Presentation Server
- XenServer

Star Partner
Professional Service Certified

- Installation
- Configuration
- Rapid Deployment (SAN & NAS)

- Server Integration
- Cluster 3.x
- ZFS
- Solaris Tuning
- SunRay
- Solaris/ZFS Training & Workshops

Symantec Platinum Partner

- NetBackup Installation & Tuning
- NetBackup Upgrades
- Veritas Cluster Server
- Storage Foundation
- Backup Executive

- Blade Center Installation
- Blade Center Implementation
- AIX Installation & Training

Project Management

- Senior Technical Project Managers
- Cost Containment
- Risk Mitigation
- Accountability & Effective Execution

Networking

- Network Design
- Network Implementations
- Network Health Assessments
- Network Operations Reviews
- Cisco, HP, Brocade, Juniper

SAN Implementation

- Brocade/Q-Logic FC Switch Install
- FC Switch Zoning
- HBA Installation & Configuration
- Logical Unit Number (LUN) Security

CERTIFICATIONS

- Storage Professional - Enterprise
- Storage Professional - Modular
- Storage Foundations
- Certified Installation Professional
- Enterprise Certified Professional
- Content Archive Platform Installation & Configuration
- Device Manager Installation, Configuration & Administration
- Dynamic Link Manager Installation, Configuration & Administration

Symantec Platinum Partner

- Enterprise Vault
- Veritas NetBackup
- Storage Foundation Specialists
- Technical Specialist Veritas NetBackup PureDisk Remote Office
- Technical Specialist Veritas NetBackup for UNIX
- Veritas Storage Foundation 5 for UNIX
- Technical Specialist Symantec Data Loss Prevention 9

Star Partner
Professional Service Certified

- Accredited Storage Architect Professional
- Accredited Server Virtualization Professional
- Accredited Installation Professional
- Certified Implementation Engineer
- Certified SAN Implementation Engineer
- Certified Data Management Administrator
- Storage Networking
- Data Protection Solutions
- SnapManager 6.0 for Exchange
- SnapDrive for Windows

- Certified Virtualization Administrator
- Implementing HP StorageWorks XP Disk Array Solutions
- Planning and Designing HP Enterprise Solutions
- Implementing, Integrating & Managing HP BladeSystem Solutions
- Designing and Implementing HP P4000 SAN Solutions
- Designing HP Virtualization Solutions
- Implementing HP Network Infrastructure Solutions
- Accredited Integration Specialist (AIS) & Accredited Systems Engineer (ASE) - Network Infrastructure
- HP Converged Infrastructures

- Microsoft Networking Essentials
- Windows Server 2008 Server Admin

- Certified CommVault System Engineer
- Certified CommVault System Support
- Certified CommVault System Admin

- Certified Specialist
 - System x Technical Principles v10
 - Midrange Storage Technical Support v1 & v2
 - Enterprise Storage Technical Support v2
 - Power Systems Technical Support for AIX and Linux (P series)
- Certified System Expert
 - System x BladeCenter Technical Support v5
 - System x High Performance Servers Technical Support v4

- Certified Security Expert (CCSE)
- Certified Security Administrator (CCSA)

- Sun Certified Systems Admin for Solaris 9 & 10
- Sun Certified Data Center Systems Engineer
- Sun Certified Premier Systems Engineer

- RedHat Certified Engineer
- RedHat Certified System Admin

- Certified Professional
 - VMware Infrastructure 2, 3 & 4
 - vSphere 4
 - Business Continuity: SRM
 - Desktop Virtualization
- Advanced Certified Professional
 - Data Center Design

- Certified Professional
- Certified SAN Designer

- Certified Professional

- Presentation Server 4/4.5 Administration
- Password Manager Administration
- Access Gateway 4.2 with Advanced Control
